Dear

Copies 1 and 3 of Contract DV-516 have been executed, and are returned herewith. All terms and conditions of this contract are acceptable to us; however, a clarification of item 1.3(a) of Exhibit "A" is in order.

Our proposal with reference to this program (ASL/564) stated that "We propose to construct a flyable test model of the system described herein and to generate manufacturing drawings simultaneously for production systems." This statement is correct, but we would not expect to complete all final drawings required for production during this period. Accordingly, we will be happy to deliver production drawings per item 1.3(a), but it should be understood that these drawings will not necessarily be complete.

Also included herewith are copies 1 and 3 of Amendment 2 to Contract DV-515. The dollar amounts in paragraph 4 have been adjusted and initialed to reflect the increase occasioned by Amendment 1 to this contract.

Sincerely yours,

Bill A.
